**The New *Monster Hunter Wilds* Roars Past  
8 Million Units Sold with Ferocious Speed!**

- Global initiatives help Capcom clear sales milestone in just 3 days, a company record -

Capcom Co., Ltd. (Capcom) today announced that worldwide sales of *Monster Hunter Wilds*, released on February 28, 2025, surpassed 8 million units in 3 days, which is the fastest a title has reached this milestone in the company's history.

*Monster Hunter Wilds* is the latest entry in the *Monster Hunter* series and is set in a dynamically changing world that is in one moment a severe wilderness, swarming with packs of attacking monsters, and in the next transforms into a rich natural environment teeming with life. *Monster Hunter Wilds* features grand, beautiful visual depictions made possible by the RE ENGINE, Capcom's proprietary game development engine, and cross-play, allowing players to enjoy the game together regardless of their game platform.

Following the game's announcement, Capcom promoted the appeal of *Monster Hunter Wilds* to a broad audience worldwide, exhibiting the title at global video game events and holding an online open beta test to give many players a chance to try it, while also providing updates on game information via the online events such as *Monster Hunter Wilds* Showcase. As a result of these continuous global initiatives, *Monster Hunter Wilds* has evoked massive excitement and achieved sales of 8 million units in 3 days, the fastest any game has done so in Capcom's history.

Capcom remains firmly committed to satisfying the expectations of all users by leveraging its industry leading game development capabilities in order to create highly entertaining gameplay experiences.

**About the *Monster Hunter* series:**

The *Monster Hunter* series consists of hunting action games that pit players against giant monsters in beautiful natural environments. Beginning with the first title in 2004, the series established a new genre in which players cooperate to hunt ferocious monsters with their friends, growing into a global phenomenon with cumulative sales of the series exceeding 108 million units (as of December 31, 2024).
