***Resident Evil 4* tops 10 Million Units Worldwide!**

- Other titles in the series see considerable growth due to Capcom's catalog sales strategy -

Capcom Co., Ltd. (Capcom) today announced that worldwide sales of *Resident Evil 4* surpassed 10 million*¹ units in the approximate two years since its 2023 release, making it the fastest title in the series to hit this milestone.

Resident Evil 4 is a remake of the lauded original 2005 title. The reimagined gameplay experience, which carefully preserves the appeal of the original, has garnered strong support from both new and returning fans. It has also received wide critical acclaim from the media and users, resulting in the title winning multiple awards globally, significantly driving ongoing sales growth for the game.

Furthermore, Capcom has successfully executed its long-term catalog sales strategy, as *Resident Evil 7 biohazard* (released in 2017) and *Resident Evil 2* (released in 2019) have both achieved over 15 million cumulative units sold, *Resident Evil Village* (released in 2021) over 11 million cumulative units, and *Resident Evil 3* (released in 2020) over 10 million cumulative units.

Capcom remains firmly committed to satisfying the expectations of all stakeholders by leveraging its industry-leading game development capabilities in order to create highly entertaining gameplay experiences.

About the *Resident Evil* series

The *Resident Evil* franchise features survival horror games in which players utilize a variety of weapons and other items to escape terrifying situations. Supported by a passionate global fanbase, cumulative game sales since the first title in this flagship series debuted in 1996 exceed 167 million*¹ units.

*¹ As of December 31, 2024
