**New Sci-Fi Action-Adventure Game *PRAGMATA* to Launch in 2026!**

- Capcom establishes all-new IP with the aim of supporting long-term growth -

Capcom Co., Ltd. (Capcom) today announced that *PRAGMATA*, a highly anticipated all-new IP, is scheduled for release in 2026.

*PRAGMATA* is a sci-fi action-adventure game that takes place on the moon in a near-future world. In the game, two compelling protagonists—the spacesuit-clad Hugh and android girl Diana—weave their way through an adventure that features a uniquely-thrilling, strategic gameplay experience. In addition to its existing franchises, Capcom allocates dedicated resources to the creation of all-new IP, and is developing *PRAGMATA* with the aim of establishing it as a new brand. The company plans to announce more information about the game’s content and release date in the future.

Capcom remains firmly committed to satisfying the expectations of all users by leveraging its industry leading game development capabilities in order to create highly entertaining gameplay experiences.
